

Chemical Sciences in Zurich

December 3rd, 2008, University Zurich-Irchel, HS-19, 13:00-18:00

- 13:15 - 13:30** **Prof. Dr. Roland K.O. Sigel**, Institute of Inorganic Chemistry, UZH
Introduction
- 13:30 - 14:00** **Prof. Dr. Kim Baldrige**, Institute of Organic Chemistry, UZH
„Polarizability Effects and Dispersion Interactions in Complexed Molecules:
Computational Considerations“
- 14:05 - 14:35** **Prof. Dr. Louis Schlapbach**, CEO EMPA Dübendorf
„EMPA 2008“
- 14:40 - 15:10** **Prof. Dr. Peter Hamm**, Institute of Physical Chemistry, UZH
„Femtosecond Vibrational Spectroscopy“
- 15:15 - 15:45** **Prof. Dr. Gunnar Jeschke**, Laboratory of Physical Chemistry, ETHZ
„EPR Spectroscopy on Synthetic and Biological Macromolecules“
- 16:20 - 16:30** **Prof. Dr. Duilio Arigoni**, Laboratory of Organic Chemistry, ETHZ
„Presentation of the Award of the ACS Division of the History of Chemistry in
Commemoration of Alfred Werner to the Institute of Inorganic Chemistry, UZH.“
- 16:30 - 17:00** **Prof. Dr. Heinz Berke**, Institute of Inorganic Chemistry, UZH
„Old and new: ‚Anschauungen in der Anorganischen Chemie‘ - A Homage to
Alfred Werner’s Book and Intuition“
- 17:05 - 17:35** **Prof. Dr. Andreas Plückthun**, Department of Biochemistry, UZH
„Combinatorial and Evolutionary Protein Engineering“
- 17:40 - 18:10** **Prof. Dr. Donald Hilvert**, Laboratory of Organic Chemistry, ETHZ
„Designing Artificial Aldolases“

18:15 **Dinner** Open for everybody. We kindly ask for registration on:
