How to Avoid Pitfalls

- **Plan ahead! Know your study regulations!**
- Start with your compulsory program in both major and minor (semester 1 & 2). Fulfill restrictions first!
- Each compulsory module can only be repeated once
- If you have been admitted with additional requirements, you must fulfil them within four semesters
- Change of minor is possible, but be aware of different compulsory programs
- Part-time work is possible, but there is no credit transfer
- You might need a [confirmation](#) (for students from third countries)
- Examinations: no show at examination means failed attempt!
- No booking means no possibility to get a grade!

First task:
Manage your
studies!
