How to publish your working paper at the Department of Economics

There are two Working Paper Series at the Department of Economics:
- ECON Working Papers (since January 2011)
- UBS Center Working Papers (November 2012 to December 2016)

If you want to publish your working paper in the ECON Working Paper Series please follow the instructions.

1. Your working paper should include
   - Title
   - Complete author name/s
   - Abstract
   - Keywords
   - JEL-Codes

2. Send us the complete working paper as pdf to library@econ.uzh.ch.
   We will then:
   - Give your document a number in the Working Paper Series
   - Create a title page for the paper
   - Publish it on the department website in the ECON Working Paper Series
   - Enter it in ZORA and Merlin
   - Send it to SSRN and RePEc (if not requested, please let us know)
   - Publish it in the e-Helvetica Deposit of the Swiss National Library in Bern

Updates
If any changes are made to the text, the author sends a new version of the working paper to library@econ.uzh.ch, so we'll update the working paper on the different platforms.

Thank you for your cooperation. If you have any questions, please don't hesitate to contact Marita Kieser at library@econ.uzh.ch.
